MEAM Event Notice

Strengthening Partnerships to Tackle Multiple Needs and Exclusions

In every local area there are individuals who face a combination of problems such as homelessness, drug and alcohol misuse, mental ill health and offending. They often have ineffective contact with services and can lead chaotic lives. A commitment by local services to improve coordination and strengthen partnerships can provide positive individual, economic and social outcomes.

EVENT

Making Every Adult Matter (MEAM) is holding a series of free learning events to bring together individuals who have an interest in developing locally-based, coordinated approaches to tackling multiple needs and exclusions. Each event will feature:

- A presentation on multiple needs and exclusions including the national context
- Two interactive workshops provided by local areas delivering coordinated interventions
- Discussion about the benefits and challenges of building cross-sector partnerships and improving coordinated service delivery
- An opportunity to network with other practitioners from the statutory and voluntary sector

WHO SHOULD ATTEND?

Senior level staff providing local services in housing, homelessness, drug and alcohol treatment, mental health, criminal justice and social care services. We encourage those from both the statutory and voluntary sector to attend.

To confirm your place at one of these events please RSVP to Jesse Donaldson at events@meam.org.uk

Along with your choice of event, please include your name, email address, job title and most relevant sector. Spaces will be allocated on a first-come, first-served basis.
